Specification Sheet

LAUNDRY CAPSULES

Biological

USE

Washing and cleaning.

DESCRIPTION

High quality biological laundry capsules. Perfumed to leave clothes smelling fresh.

FEATURES & BENEFITS

- For 40°, 60°, or 95° main wash
- High quality biological laundry tablets
- Leaves clothes smelling fresh and clean
- Sachets contain correct dose
- Operators are not exposed to the concentrated product
- No more carrying heavy containers!

HOW TO USE

One powder capsule is sufficient for one wash load. For heavily soiled loads, hard water and/or a 6kg+ drum we recommend the use of two powder capsules.

Place capsule directly into drum and then put the laundry on top. Do not remove the film (100% water soluble).

Do not use for hand wash, wool and silk.
