

* Fabric Softener

Jangro *

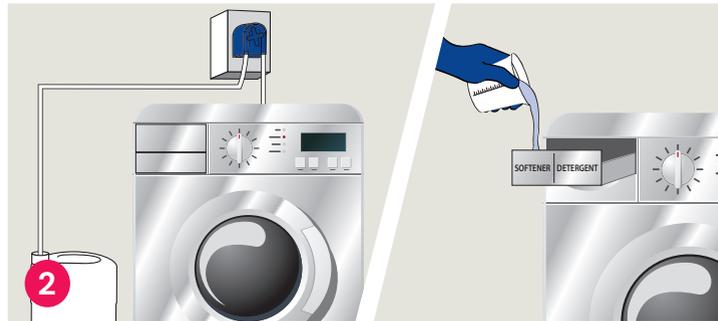

BP059-5

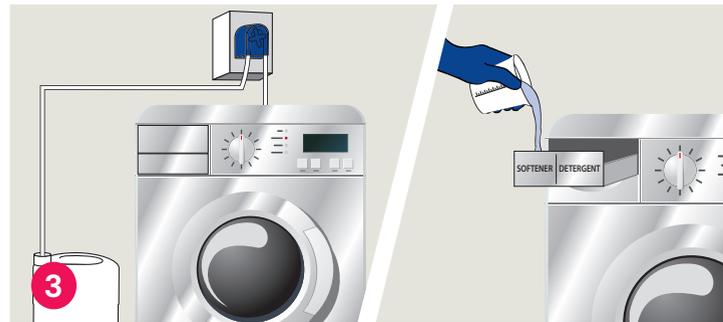

Washing:

1 Place safety Sign & use the appropriate PPE as indicated in the Safety Data Sheet.

2 Connect to an automatic dosing system. Dispense at 6-9ml per 1kg of dry washing. Product can be added into the machine dispenser draw separate to main detergent if automatic dosing system not available.

3 Make sure laundry detergent is connected or added to the machine. Jangro recommends using product in conjunction with Jangro Laundry Liquid BP053. The two products work synergistically to enhance the appearance, texture and fragrance of the fabric.

4 Select wash program and start.

5 Remove Safety Signs when floor is dry.

Areas for use

Health & Safety
